

Amr Mohamed

Graphic Designer

About Me

I'm a graphic designer with six years of experience in branding, social media, and marketing design. I love creating visuals that are simple, clear, and get the message across.

Skills

- Social Media Design
- Branding
- Graphic Design
- Ad Campaigns
- Print Design

Language

- English
- Arabic

Education

● (2022-2027)

MTI UNIVERSITY

Faculty of Dentistry

I'm a dentistry student, which has taught me patience, precision, and a strong eye for detail. Studying dentistry requires problem-solving and a structured approach—skills that surprisingly overlap with design. Balancing both fields has given me a unique perspective, allowing me to approach creativity with logic and clarity.

Experience

● (2023 - Present)

SENIOR GRAPHIC DESIGNER

Next Home

I create designs that align with brand identities and engage audiences—logos, social media graphics, print materials. My focus is on clear, impactful design.

● (2022 - 2024)

SOCIAL MEDIA DESIGNER

Shgardi

I created social media designs that captured attention and boosted engagement. I focused on making sure each design was tailored to the audience and platform, with an emphasis on creating impact, not just aesthetics.
